## Proximal radial pseudotumour: Magnetic resonance imaging appearances and prevalence

Published On: May 15, 2020 | Pages: 001 - 005

Author(s): Ian Pressney\* Michael Khoo and Asif Saifuddin

Introduction: Cases have been referred to our tertiary referral sarcoma service where marrow abnormalities have been identified in the proximal radius. We believe this to be a normal variant, likely representing residual red marrow. The purpose of this study is to describe the features and determine the prevalence of such a finding on elbow magnetic resonance imaging ...

## Health research production in developping countries/africa

Published On: June 04, 2020 | Pages: 006 - 010

Author(s): Aisha Nasef\* and Adel El-Taguri

Qualified researchers from Africa, who worked in team abroad are competent. But, they cannot reproduce and develop works started abroad after returning back to home countries. In this article we will list briefly the different underlying causes, challenges, consequences and future aspiration. ...
